Importance: High

Hi All,

Kate is asking for updates on various issues under your lead. Please review her email and provide responses to Ev and me for consolidation.

Thanks, Jen

Jennifer Sincok, TMDL Coordinator
Office of Standards, Assessment, and TMDLs
Water Protection Division
U.S. EPA Region III
1650 Arch Street (3WP30)
Philadelphia, PA 19103

Hi Ev-

Ex. 5 Deliberative Process (DP)

- Anacostia Trash TMDL- In response to an adverse court decision in March, 2018, EPA, MD and DC agreed to develop replacement TMDLs for trash in the Anacostia watershed in cooperation. On August 24, 2018, EPA published a solicitation for trash data within the Anacostia watershed in the federal register and accepted data through October 23, 2018. The data solicitation was shared on the jurisdictions' websites and with relevant stakeholders. Data was received by 7 parties, including among others, D.C. Water, Montgomery County Department of Environmental Protection, and the Alice Ferguson Foundation. EPA is currently working to review and analyze the wealth of data in preparation for continued coordination with the jurisdictions.

Kate McManus
Acting Deputy Director, Water Protection Division
EPA Region 3
